

Jan Hannig is Kenan Distinguished Professor and Chair of the Department of Statistics and Operations Research at the University of North Carolina at Chapel Hill. His research interests include theoretical statistics, generalized fiducial inference, and applications to biology, engineering, and forensic science.

He earned his Mgr (equivalent to M.S.) in mathematics from Charles University in Prague in 1996, and his Ph.D. in statistics and probability from Michigan State University in 2000 under the direction of Professor A.V. Skorokhod.

From 2000 to 2008, Dr. Hannig was a faculty member in the Department of Statistics at Colorado State University, where he was promoted to Associate Professor. He joined the University of North Carolina at Chapel Hill in 2008, was promoted to Professor in 2013, and became Kenan Distinguished Professor in 2025. Since 2024, he has served as Chair of the Department.

Dr. Hannig was a Faculty Appointee at the National Institute of Standards and Technology from 2018 to 2024. He is a Fellow of the American Statistical Association and the Institute of Mathematical Statistics, as well as an elected member of the International Statistical Institute.

He has served as Principal Investigator or Co-Principal Investigator on several federally funded projects. To date, he has advised or co-advised 30 Ph.D. students and published over 90 peer-reviewed papers. He has also served as Associate Editor for multiple journals, including the *Journal of the American Statistical Association*, *Journal of Computational and Graphical Statistics*, *Sankhya*, *Statistical Theory and Related Fields*, *Electronic Journal of Statistics*, and *Stat*.
